SMART LED PATCH CORDS

ever had problems finding the other eb of yout patch cords ?
... we have the solution

SMART LED PATCH CORDS

1. Insert the injector in the plug

2. Activate the injector (you can leave the injector on the plug)

3. Immediately identify the blinking plug at the other end of your patch cord

Multimedia Connect has developed a range of Smart Patch Cords based on LED identification.
The MMC injector plugged at one end activates both boots, enabling immediate identification of the other end of the cord.
Activated plugs are clearly visible from several metres.
This system helps to maintain patching areas in a tidy state, especially high-density cabinets and Data Centres.
The Multimedia Connect Smart LED Patch Cords range includes CAT6A shielded and CAT6 unshielded copper patch cords as well as OM3 fibre optic patch cords.

With Multimedia Connect Smart LED Patch Cords you save time and money while ensuring the optimal performance of your system.
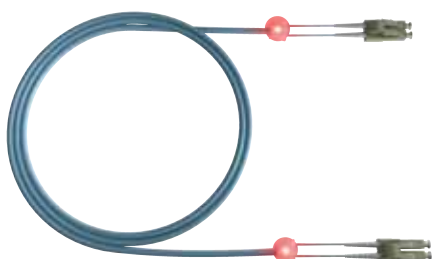

COPPER LED PATCH CORDS

CAT6 A SHIELDED VERSION
- Shielded S/FTP cable – pairs assembled with separator
- LSZH jacket
- Special high-performance plug
- Exceeds CAT6A Standards :
    - EIA/TIA 568-C.2 CAT6A
    - Ad 1.0 11801 Class Ea

Grey colour as standard

Colour marking sets for plugs

CAT6 UNSHIELDED VERSION
Unshielded cable - LSZH jacket

Special high-performance plug

Exceeds CAT6 Standards :
- EIA/TIA 568-C.2 CAT6
- ISO 11801 Ed 2 / EN 50173 Ed2 Class E

Grey colour

Colour marking sets for plugs

FIBRE OPTIC LED PATCH CORDS

- OM3 50/125 Multimode fibre
- LC duplex connectors
- LED illumination ensured by a special boot on the cable, 30 mm before each connector
- LSZH cable jacket – Turquoise colour

INJECTOR

- DC injector for copper and fibre LED smart patch cords
- Coins included

ORDERING INFORMATION

PART NUMBER	DESCRIPTION	LENGTHS	PACKAGING
CORD6AS0XLED	Shielded smart LED patch cord – grey LSZH jacket	X= 1. 2. 3. 5. 10 m	Unit
CORD6UXLED	CAT6 Unshielded smart LED patch cord – grey LSZH jacket	X= 1. 2. 3. 5. 10 m	Unit
JLCLCXOM3LED	50/125 OM3 LC/LC Duplex smart LED jumper – Turquoise LSZH jacket	X = 1. 2. 3. 5. 10 m	Unit
LEDCOLX	Coloured marking sets for plugs (yellow, red, blue, green)		100
LEDTOOL	Injector for copper and fibre LED smart patch cords (with batteries)		Unit
LEDCOIN	Coin cell for LEDTOOL (4 coins per Injector)		Unit
